

The Lassen County Transportation Commission (LCTC), in partnership with the City of Susanville, is seeking public input regarding a proposed Wayfinding Plan for the city of Susanville.

A wayfinding plan uses a combination of signs, maps, and other graphic or audible methods to convey location and directions to travelers.

A successful wayfinding program will assist the public in

locating destinations and services located within the City of Susanville.

Public input is being sought to provide the LCTC and City with design preferences, potential destinations and sign locations.

Several designs are being proposed, and it will be up to **YOU**, the citizens of Susanville, to help decide which design most effectively represents our great City.

Two public meetings will be held on **Tuesday, February 3, 2015** in the Board of Supervisors' Chambers at 707 Nevada Street, in Susanville.

The first meeting will be held at **9:00 a.m.** and the second will be at **5:30 p.m.**

If you are unable to attend either meeting, you can contact LCTC Staff Cynthia Raschein or Joel Rathje at (530) 251-8288. Or you visit our website at [www.lassentransportation.com](http://www.lassentransportation.com)
